the beautiful game

Forget clay pigeon shooting, off road driving and paint guns, when it comes to the nation's favourite sport, nothing comes close. 5-a-side rules!

It has come a long way from 'coats down in the park' days to become the fastest growing activity in the UK. There are now more people playing 5-a-side football than 11-a-side in the UK.

5-a-side is the ideal team building event for colleagues and customers, both male and female. Enhancing corporate image, building successful business relationships or improving staff motivation.

And now, the beautiful game just got better. With the next generation of 5-a-side venues, your Company can experience the passion and excitement of the nation's favourite sport at Goals ... a veritable football fantasyland.

"I'm not a believer in luck...
But I do believe you need it."
Alan Ball

premier league facilities

When it comes to 5-a-side, Goals is a whole new ball game. Our purpose built, all-weather 5-a-side centres are designed to coax even the most committed armchair footballers back into their trainers.

The mere sight of the 5-a-side arenas is enough to make you want to curl one into the top corner.

Featuring no less than 10 floodlit synthetic grass arenas, each Goals facility can handle anything from an inter-office grudge match to a prestigious 200 team tournament.

High quality lockers and showers make changing all part of the enjoyment and to rerun that sublime 1-2 or the perfect nutmeg there's a fully licensed luxury function suite with superb views of all the action.

"let's close our eyes and see what happens."

For the guy who has to organise the event your end, end of nightmare. We do the lot! Your dedicated Tournament Director will cover everything leading up to and during the event.

We can even provide you with your very own dedicated web page with your company logo, which your invited teams can log onto to see their fixtures and results. For a demo on this unique feature go to **www.goalsfootball.co.uk** and select EVENTS.
